08/02/2012	Telephone Notes	Unknown	AQD Pmt Section forwarded an email from facility's consultant, Lisa Sullivan, ASTI Env. regarding removing a 1000 hp engine test cell with 300 HP engine test cell. Contacted Annie Cushner to get the details. The facility would be keeping the 1000 HP test cell in case they need to use it in the future. (HP refers to the engines that are being tested at the test cell). No change in the emissions. Their concern was whether they need to change the permit. Told her that permit doesn't need to be changed. Suggested she (Ms. Kushner) send a letter to AQD regarding the change for record. Requested her to ask the consult send an email about this to the district, so it can be replied. (Previously discussed the issue the Chris Ethridge and he agreed that the facility doesn't need permit modification).
