Re: Violation Notice dated May 22, 2017 for SRN N7482, Goose Lake Facility, Osceola County

Dear Mr Dickman:

This is Dart Oil & Gas Corp's response to your Violation Notice for SRN N7482 dated May 22, 2017. There was a miscommunication with our consulting company about some annual reporting requirements that we were doing that were not necessary. We neglected to get a sample for 2016 due to this miscommunication. We have reviewed our permit requirements and will obtain a sample of the wet gas stream and have this analyzed by June 30, 2017. We have added obtaining a sample of the wet gas stream each year to our annual reminders and also will review all of our permits annually.

When sending future correspondence, please also send a copy to the attention of Beth Oswald, P O Box 177, Mason, MI 48854-0177 at our main office. If you have any questions or need further information, please contact either Bret Friend, bfriend@dartoilandgas.com or Beth Oswald, boswald@dartoilandgas.com.

Sincerely,

Dave Farner,
Sr VP of Engr & Ops
