Dear Mr. Friend:

VIOLATION NOTICE

On April 12, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an inspection of the Dart Oil and Gas, Goose Lake Facility located at 17 Mile Road, Leroy, Michigan. The purpose of this inspection was to determine Dart Oil and Gas's compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); the Air Pollution Control Rules; and the conditions of Permit to Install (PTI) number 220-05. Specifically, under EUDEHY, Special Condition number 1.1 requires that at least once per calendar year, Dart Oil and Gas shall obtain, by sampling, an analysis of the wet gas stream. The most recent gas analysis performed was in 2015.

Please initiate actions necessary to correct the cited violation and submit a written response to this Violation Notice by June 12, 2017 (which coincides with 21 calendar days from the date of this letter). The written response should include: an explanation of the causes of the violation and a summary of the actions that are proposed to be taken to prevent a reoccurrence.

If Dart Oil and Gas believes the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.

Thank you for your attention to resolving the violation cited above and for the cooperation that was extended to me during my inspection of the Goose Lake facility. If you have any questions regarding the violation or the actions necessary to bring this facility into compliance, please contact me at the number listed below.

Sincerely,

Rob Dickman
