Dear Shawna Enbody:

SUBJECT: Consent Order AQD No. 2019-21, Stipulated Fines

On August 8, 2019, the Michigan Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD) and Dicastal North America, Inc. (Company) entered into a Stipulation for Entry of Final Order by Consent AQD No. 2019-21 (Consent Order), to resolve violations of Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, Permit to Install (PTI) No. 78-15D, and the National Emission Standards for Hazardous Air Pollutants (NESHAP) for Secondary Aluminum Production, Title 40 of the Code of Federal Regulations (CFR), Part 63, Subpart RRR.

In a Violation Notice (VN) dated August 23, 2023, the AQD cited the Company for violating the conditions of PTI No. 78-15H, Special Condition (SC) IV.5 for EU-LiquidCoat, and the terms and conditions of the Consent Order. Specifically, the AQD alleges that the Company failed to properly maintain the pressure differential at the levels established during testing to assure that the non-fugitive enclosure is maintained and operated in a satisfactory manner. On July 11, 2023, six out of eight pressure differential gauges were observed by the AQD staff to be outside the established ranges and facility records showed that the same six gauges were outside the established ranges for the previous 90 days.

Paragraph 9.A.1 of the Consent Order, in part, puts forth the following conditions:

“On and after the Effective Date of this Consent Order, the Company shall comply with PTI No. 78-15E and any subsequent permit revision.”

Furthermore, paragraph 14 of the Consent Order reads, in part:

“On and after the Effective Date of this Consent Order, if the Company fails to comply with paragraph 9.A.1 of this Consent Order, the Company is subject to a stipulated fine of up to \$5,000.00 per violation per day.”

After reviewing the VN and the Company's response to the violations, the AQD has determined the amount of stipulated fine to be \$90,000.00.

The Company is hereby requested to submit the stipulated fines of \$90,000.00 in accordance with the provisions of paragraph 14 of the AQD Consent Order, by November 9, 2023. To ensure proper credit, all payments shall include the Agreement Identification No. AQD40227-S on the face of the check. Stipulated fines submitted under this Consent Order shall be made by check, payable to the "State of Michigan" and mailed to the Michigan Department of Environment, Great Lakes, and Energy, Accounting Services Division, Cashier's Office, P.O. Box 30657, Lansing, Michigan 48909-8157.

Sincerely,
