List of Partial Compliance Evaluations :

Activity Date	Activity Type	Compliance Status	Comments
04/21/2015	Scheduled Inspection	Compliance	Scheduled Field Inspection & Records Review
03/02/2015	MAERS	Compliance	Updated engine CAT 399 SCC code to a rich burn engine, since that is what it is at the site. Compared the previous year emission report. Reported and calculated emissions are within the permitted limits. Updated Contact & fee phone number too. Talked to company, & reattached accurate emission calcs info & entered correct thruput values.
05/20/2014	MAERS	Compliance	See Maers for further Info. - Checked the SCC codes to make sure they fit, all equip. was covered, and compared the previous year emission report. Reported and calculated emissions are within the permitted limits. There's an exempt engine, & actual emissions are below thresholds, I think its fine as long as the catalysts is maintained well.
