CITY: GREENVILLE		COUNTY: MONTCALM
CONTACT: Tim Hunter, Facilities Supervisor		ACTIVITY DATE: 06/03/2014
STAFF: Eric Grinstern	COMPLIANCE STATUS: Compliance	SOURCE CLASS: MINOR
SUBJECT: Unannounced Inspection		
RESOLVED COMPLAINTS:		

Unannounced inspection of AGA Marvel (FKA Northland-Marvel). Upon entering the facility, staff met with Tim Hunter, Facilities Supervisor

FACILITY DESCRIPTION

Marvel makes “under the counter” refrigerators and to a lesser extent, residential stoves. The facility has the following primary operations: powder coating process with curing oven, plastic thermoforming, MDI foam insulation, welding, sheet metal forming and assembly. The only process vented to the outside atmosphere is the powder coating cure ovens.

REGULATORY REVIEW

All processes have previously been determined to be exempt from the need to obtain an air use permit. The facility maintains records demonstrating emissions from the MDI foam insulation are below Rule 290 thresholds.

COMPLIANCE EVALUATION

Review of the facility’s VOC/toxic emission records for the foam insulation usage demonstrates compliance with the Rule 290 thresholds.

Based on this inspection, the facility is in compliance with applicable air quality rules and regulations at this time.
