P020629100

FACILITY: ATP PRECISION PAVING INC		SRN / ID: P0206
LOCATION: 18657 HONOR HWY, INTERLOCHEN		DISTRICT: Cadillac
CITY: INTERLOCHEN		COUNTY: BENZIE
CONTACT: Alan Leman , Owner		ACTIVITY DATE: 04/08/2015
STAFF: Kurt Childs	COMPLIANCE STATUS:	SOURCE CLASS: MINOR
SUBJECT: Phone conference to discuss new PTI application, baghouse replacement, potential waiver request.		
RESOLVED COMPLAINTS:		

Janis Ransom and I had a phone conference with Alan Leman of ATP and Stephanie Jarrett of FTCH to discuss changes at ATP's plant in Benzie County. ATP plans to install a new counterflow dryer and increase potential production from 60,000 TPY to 300,000 TPY. They will be submitting a PTI application on 4/10/2015. Part of the project is to replace the existing baghouse with a new reverse air baghouse that will have a 6,000 scfm higher capacity including a larger fan.

ATP would like to install the new baghouse on the current plant prior to construction of the new dryer. They propose conducting the replacement of the existing baghouse with the new baghouse as exempt under Rule 285(d). The installation appears to meet the requirements of this exemption and the AQD Cadillac District does not have any objections. ATP was informed it was their responsibility to ensure the installation meets the requirements of Rule 285(d). They anticipate receiving the baghouse sometime next week.

ATP had anticipated the possibility of needing a waiver to begin this construction but with the application of Rule 285(d) to the baghouse replacement believes it may not be necessary unless the permitting process takes longer than expected. Installation of the new dryer is planned for around July 4, 2015.
