RESOLVED COMPLAINTS:		

Air Quality Division staff April Lazzaro and Laura Martin arrived to conduct an unannounced, scheduled inspection at the facility and found that ReConserve of Michigan is no longer in operation at this location. The current owner appears to be Piedmont of Michigan, a trucking company. This aligns with the information last entered into the facility file in 2013, whereby the AQD noted that the operations were moving to the Battle Creek area.

A request to void Permit to Install (PTI) No. 157-12 for the animal feed manufacturing process has been sent to Lansing for processing.
