Mr. Glen Hard
Sport Truck USA
491 W. Garfield Ave
Coldwater, MI 49036

SRN: P0738, Jackson County

Dear Mr. Bill Burk/Mr. Glen Hard:

SECOND VIOLATION NOTICE

On December 7, 2017, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an inspection of Sport Truck USA located at 10391 Spring Arbor Road, Spring Arbor, Michigan. The purpose of this inspection was to determine Sport Truck USA's compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); the Air Pollution Control Rules; and as a follow-up to previous inspections conducted on June 6, 2017, and September 15, 2016, that resulted in Violation Notice (VN) for operating two plasma torch cutters without a Permit to Install (PTI) permit.

During the inspection, staff observed the following:

Process Description	Rule/Permit Condition Violated	Comments
Two (2) Plasma Cutting Booths	Rule 201	The Company has failed to submit a PTI application as requested in 9/15/2016 VN and 6/07/2017 VN nor have they installed a dust collector in order to satisfy PTI permit exemption Rule 285 (2) (l) (vi) (c). Modifications the

		Company made to the exhaust systems in 2016 were not sufficient to resolve the violations.
--	--	--

On June 7, 2017, the AQD sent the Company a VN citing a Rule 201 violation discovered as a result of the inspection and requested your written response by June 28t, 2017. A copy of that letter is enclosed for your reference. As of this date, we have not received your response.

Please be advised that failure to respond in writing and identifying actions the Company will take or has taken to resolve the cited violation may result in escalated enforcement action by the AQD. Please provide the information requested in our previous letter by January 8, 2018.

Be further advised that issuance of this Violation Notice does not preclude or limit the DEQ's ability to initiate any other enforcement action under state or federal law as appropriate.

If you have any questions regarding the violation or the actions necessary to bring this facility into compliance, please contact me at the number listed below.

Sincerely,

Mike Kovalchick
Senior Environmental Engineer
Air Quality Division
