To Whom It May Concern:

On May 7, 2019 Palmer Farms Inc was cited for Act 451, Rule 301 and Rule 331. My understanding is that this violation was for operating without water spray. As I conveyed to Mr. Karl I was sure that the operation had a water supply. After talking to the crew they verified that there was a shuttle of water and that it was being run at a low rate as the material had been very wet due to all the rain that we had been having. I have informed them that we need to have full spray at all times.

If you have any questions on this matter please call me.

Thank you for your consideration in these matters.

Sincerely  
Suzanne Palmer  
Pres  
Palmer Farms Inc.
