To Whom It May Concern,

In Response to the letter received from the Department of Environmental Quality. We Lukazcek Excavating and Drainage, LLC did not know we were not in compliance with State and Federal Laws. At no time in the process of purchasing this equipment did anyone mention permits. As soon as we found out about the permits we started the application process to obtain such permits which brings us to where we're at today. There were no actions by us that were trying to be devious or fraudulent on these matters.

Sincerely,

Andrew Lukazcek
