Dear Jamie Brock:

**SECOND VIOLATION NOTICE**

On February 29, 2024, the Michigan Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD), conducted an inspection of Harvest Oak Manufacturing (Company) located at 804 North Matteson Street, Bronson, Michigan. The purpose of the inspection was to determine the Company's compliance with the requirements of the federal Clean Air Act; and Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended; the Air Pollution Control Rules; and Mich Admin Code, R 336.1201.

On August 19, 2024, the AQD sent the Company a Violation Notice (VN) citing a violation discovered because of the inspection and requested the Company's written response by September 9, 2024. A copy of this VN has been enclosed for your reference. As of the date of this letter, the AQD has not received the Company's written response to the cited violation.

Please be advised that failure to respond in writing and identifying actions the Company will take or has taken to resolve the cited violation may result in an escalated enforcement action by the AQD. Please provide the information requested in the VN dated August 19, 2024, by October 4, 2024, which corresponds to 14 days from the date of this letter.

Be further advised that issuance of this VN does not preclude or limit EGLE's ability to initiate any other enforcement action under state or federal law as appropriate.
