FACILITY: Northfork Construction Company		SRN / ID: P0919
LOCATION: 10250 N Borgstrom Road, NAUBINWAY		DISTRICT: Upper Peninsula
CITY: NAUBINWAY		COUNTY: MACKINAC
CONTACT: Kathy Skok ,		ACTIVITY DATE: 06/25/2019
STAFF: Joe Scanlan	COMPLIANCE STATUS: Compliance	SOURCE CLASS: MINOR
SUBJECT: Scheduled inspection to determine compliance with PTI# 86-18		
RESOLVED COMPLAINTS:		

Northfork Construction Company is an excavating company based out of Manistique, Michigan. They offer a variety of services, such as trucking, excavating, snow plowing, rock crushing, and supplying sand and gravel from their own pit.

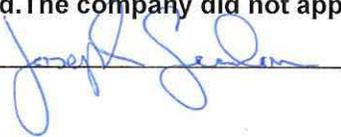

The company requested a permit in 2018 for a new crusher spread. PTI# 86-18 was approved and the company conducted crushing operations during 2018 using this PTI. MAERS was submitted for 2018.

In June of 2019, the company requested an additional permit. After review, it was determined at that time that the crusher spread permitted in 2018 under PTI# 86-18 was in fact a rental unit from Wisconsin and the rented crusher spread was no longer in use and was returned to its owner in Wisconsin. The 2019 PTI request was for a different rental crusher that Northfork wished to use for the 2019 season.

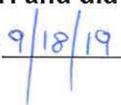

After discussion with EGLE AQD permitting staff, it was determined that PTI# 86-18 should be void as the unit was not owned by the company and no longer in the State of Michigan and also that the actual owner of the equipment to be permitted should be requesting the PTI.

Northfork was contacted regarding this and was informed of the situation. The company then requested to void PTI# 86-18, which was completed on June 27, 2019. The PTI request submitted for 2019 was also voided. The company did not apply for another PTI and did not conduct crushing for 2019.
