Subject: violation correction, SRN: P1020, Macomb County

To Whom it May Concern:

On 10-3-22 I received a violation notice for not installing and maintaining a belt scale on one of my transfer conveyors of FGCRUSHING. The violation occurred on 7-28-22. The cause of the violation was failure to install and maintain a belt scale on both conveyors. The duration has been ongoing until a belt scale is installed. We have researched and ordered a scale for the 1x3cc conveyor. We are currently waiting for production and delivery of the new scale so it can be installed. We will install and maintain the scale as soon as we receive it. No re-occurrence will happen once installed. Thank you.
