Facility Staff Present: Scott Hinkley, Operations Manager

DEQ-AQD Staff Present: Todd Zynda, Air Quality Division, Detroit District Office

Time of Investigation: 2:05 PM to 2:15 PM

Summary of Facility Visit and Compliance Status:

R.R. Donnelly and Sons, located at 12555 Belden Court, Livonia, Michigan, was identified as a targeted inspection for 2019 due to the close proximity to ambient air trichloroethylene (TCE) concentrations that were detected as part of the Ford Beacon Project indoor air monitoring at addresses along Belden Court. For information regarding the ambient air sampling conducted as part of the Ford Livonia Transmission Plant remedial investigation, please see SRN A8645, MACES report CA_A864547612. There are no records of air quality permits on file for this facility.

On July 2, 2019 Mr. Todd Zynda arrived at 2:05 PM at 12555 Belden Court and was greeted by Mr. Scott Hinkley, Operations Manager. According to Mr. Hinkley, operations at the location are courier services (tires and general merchandise). The product comes in and is sorted and then shipped out. During the inspection the building was observed with office space in the south side of the building with a warehouse attached on the north side of the building. The shipping and receiving area was observed as mostly empty with some pallets and totes and two small delivery vans.

According to Mr. Hinkley, the facility does not operate any of the following equipment: boilers, cold cleaners, or emergency generators.

Operations at the facility do not appear to be subject to air quality rules or regulations. The source is considered to be in compliance for the reason that no air emissions activity occurs at this address.
