This is a response to the VN for permit 22-20- the dates of the violation were August of 2021. The cause of the violation is that we cremate pets and are never EVER even within hundreds of pounds of what our permit allows. The violation is NOT ongoing and is corrected because Pet Passages has purchased and installed in our facility a digital pet scale (like vet offices utilize). This is a photo of our scale. The violation is corrected (and in no way were we ever in violation of charge limits to begin with).

Respectfully submitted,

Chris Mires- Pet Passages
