To Whom it May Concern,

We have received the second violation letter regarding the additional crusher that was onsite in Croswell. I have filed for the permit to install, Application No. APP-2021-0185. We have been assigned Permit to Install No. 48-21 effective August 09, 2021. If there is any questions please contact Melanie at my office 810-364-5460.

We intend to maintain compliance in the future. Please feel to contact my office with any and all additional issues or questions.

Regards,
