VIOLATION NOTICE

Dear Whitney Anderson and Will McLachlan:

On September 26, 2024, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD) performed an asbestos NESHAP (National Emission Standard for Hazardous Air Pollutants) complaint inspection at 301 North Madison Avenue, Bay City, Bay County. The purpose of this inspection was to determine compliance with the requirements of Title 40 of the Code of Federal Regulations (40 CFR), Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to my investigation, Whitney Anderson owns the subject property and WIHN Properties, LLC performed the renovation/ demolition activities. The National Emission Standard for Asbestos holds both the *owner and operators* equally liable for any violations.

During the inspection, staff observed the following:

Renovation work had started in the basement of the church. Plaster walls, ceilings, and other building materials had been removed and pushed into a room that is to be demolished at a later date. The owner stated that an asbestos building survey had not been completed prior to renovation and/or demolition.
