Dear Mr. Kassab and Mr. Tubergen:

VIOLATION NOTICE

On June 3, 2020, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division, performed an asbestos NESHAP (National Emission Standard for Hazardous Air Pollutants) inspection at 1145 Harmonia Road, Springfield, Calhoun County. The purpose of this inspection was to determine compliance with the requirements of Title 40 of the Code of Federal Regulations (40 CFR), Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to my investigation, M. Shapero Real Estate Group owns the subject property and Green Lake Excavating performed the demolition activities. The National Emission Standard for Asbestos holds both the *owner and operator* equally liable for any violations.

During the inspection, staff observed the following:

The subject facility (office) had been recently demolished, and debris left on-site. A notification of intent to demolish was not submitted for this project. Upon further investigation, it was found that no asbestos survey had been conducted.

VIOLATION NOTICE
