Dear Carl Turner and Ryan Groat:

VIOLATION NOTICE

On June 13, 2024, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD) performed an asbestos NESHAP (National Emission Standard for Hazardous Air Pollutants) inspection at 47.5 South Kendall Street, Battle Creek, Calhoun County. The purpose of this inspection was to determine compliance with the requirements of Title 40 of the Code of Federal Regulations (40 CFR), Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to my investigation, New Level Sports Ministries owns the subject property and R&H Tractor Services, LLC, performed the demolition activities. The National Emission Standard for Asbestos holds both the owner and operator equally liable for any violations.

During the inspection, staff observed the following:

The subject facility had been recently demolished. Three structures were demolished on the site. An asbestos survey and asbestos abatement had been conducted prior to the demolition, however a notification of intent to demolish had not been submitted.
