MAERS Emission Unit List

NA

Inspection Summary

Janet stated she had been employed at the location for about 10 years and doesn't recall a incinerator onsite. I walked the entire area of the building interior and could not find evidence of an incinerator. There was not a stack visible from the exterior. I feel comfortable stating this device has been removed and the permit is no longer valid.

The notice of voidance will be sent to:

Mr. Rob Spangler
PO Box 90257
Burton, MI 48509

This report will be used to void permit 81-70I in accordance with MDEQ memo Procedure for Voiding Permits to Install, dated June 7, 1999
