Dear Mr. Yono and Mr. Bronzetti:

SECOND VIOLATION NOTICE

On February 27, 2017, the Michigan Department of Environmental Quality (MDEQ), Air Quality Division (AQD), performed an asbestos NESHAP (National Emission Standard for Hazardous Air Pollutants) investigation at 1364 East Bristol Road, Burton, Genesee County, Michigan. The purpose of this investigation was to determine compliance with the requirements of Title 40 of the Code of Federal Regulations, Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451).

According to our investigation, Mr. David Yono owns the commercial property, and BBMK Contracting was the general contractor overseeing the demolition project. The National Emission Standard for Asbestos holds both the owner and operator equally liable for violations.

During the investigation, DEQ AQD staff, Mr. Craig Dechy observed the following:

The subject commercial facility was demolished upon arrival and the liable parties had failed to submit a 10-working day notification of intent to renovate/demolish to the administrator.
