Dear Karyn and Martin:

**VIOLATION NOTICE**

On February 21, 2025, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD) conducted a drive-by inspection at 3073 West Dayton Street, Flint, Genesee County. The purpose of this inspection was to determine compliance with the requirements of Title 40 of the Code of Federal Regulations (40 CFR), Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to my investigation, Flint Township owns the former Myrtle Grove Mobile Home Park and Burnash Wrecking, Inc. performed the demolition activities. The National Emission Standard for Asbestos (NESHAP) may hold both the *owner and operator* liable for all violations.

During the inspection, EGLE, AQD staff observed the following:

The former mobile home park was demolished, and Burnash Wrecking, Inc., was on-site removing demolition debris. Both Flint Township and Burnash Wrecking, Inc. failed to have thorough asbestos surveys done on the homes and laundry facility. Additionally, both parties failed to submit the Notice of Intent to Renovate/Demolish to the administrator, prior to the demolition activities.
