VIOLATION NOTICE

Dear Mr. Zook and Mr. Wood:

On March 1, 2022, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD) performed an asbestos NESHAP (National Emission Standard for Hazardous Air Pollutants) inspection based on an anonymous complaint at 104 South Lansing Street, Mason, Ingham County, Michigan. The purpose of this inspection was to determine compliance with the requirements of Title 40 of the Code of Federal Regulations (40 CFR), Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to my investigation, Caledonia Farmers Elevator Company owns the subject property and Woody's Used Grain Bins, Inc. performed the demolition activities. The National Emission Standard for Asbestos holds both the owner and operator equally liable for any violations.

During the inspection, staff observed the following:

The elevator grain bins were being dismantled and removed from the subject commercial property. It was found that an asbestos building survey was not completed and a 10-day notice prior to demolition was not submitted.

Process Description	Section Violated	Comments
On 3/1/22, staff performed an inspection at subject commercial site, Caledonia Farmers Elevator Company at 104 South Lansing Street, Mason.	40 CFR 61.145 (a)	Failure to thoroughly inspect. No asbestos building survey.
	40 CFR 61.145 (b)(1)	Failure to provide 10 working day notification prior to demolition.
