RESOLVED COMPLAINTS:		

On Tuesday, July 24, 2019, Michigan Department of Environment, Great Lakes, and Energy-Air Quality Division (EGLE-AQD) staff, I, Adam Bognar, conducted an unannounced self-initiated inspection of Shanney's Materials Inc., located at 6505 Auburn Road, Utica, MI 48087. The purpose of this inspection was to determine the facility's compliance status with the Federal Clean Air Act; Article II, Part 55, Air Pollution Control of Natural Resources and Environmental Protection Act, 1994 Public Act 451; and Michigan Department of Environment, Great Lakes, and Energy-Air Quality Division (EGLE-AQD) rules.

I arrived at this location at about 11:30 am

Shanney's Materials operated a concrete crusher at this location in the past. This equipment is no longer at the location. There is currently nothing located at this address.

Permit to Operate No. 565-89 was issued in 1989 for an Austin Western 20x36 concrete crusher, a Simplicity 3x8 2 deck screen, a TCM diesel powered rubber tire loader, and one 1800 gallon water tank pump and sprayer lines for dust control. This permit was voided in 1990.

The AQD Shanney's Material file will be archived as a result of this inspection.

Compliance Determination

I was not able to verify compliance with the Federal Clean Air Act; Article II, Part 55, Air Pollution Control of Natural Resources and Environmental Protection Act, 1994 Public Act 451; and Michigan Department of Environment, Great Lakes, and Energy-Air Quality Division (EGLE-AQD) rules.
