Dear Rema Sliwa:

**SECOND VIOLATION NOTICE**

On April 21, 2021, the Michigan Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD), conducted an inspection at 11177 E. Eight Mile Road, Warren. The purpose of the investigation was to determine Milania Construction, LLC's (Company) compliance with the requirements of the Federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); and the Air Pollution Control Rules.

On May 12, 2021, the AQD sent the Company a Violation Notice (VN) citing a violation discovered because of the investigation and requested the Company's written response by June 2, 2021. A copy of this VN has been enclosed for your reference. As of the date of this letter, the AQD has not received the Company's written response to the cited violation.

Please be advised that failure to submit the requested report may result in an escalated enforcement action by the AQD. Please provide the information requested in the VN dated May 12, 2021, by June 29, 2021, which corresponds to 14 days from the date of this letter.

Be further advised that issuance of this Violation Notice does not preclude or limit EGLE's ability to initiate any other enforcement action under state or federal law as appropriate.
