The purpose of this investigation was to determine compliance with the requirements of Title 40 of the Code of Federal Regulations, Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451).

According to my investigation, Ms. Katherine Kosmo-Metz owns the subject commercial facility and Regal Rigging & Demolition performed the demolition activities at this facility. The demolition took place on or about the week of January 16, 2017. The National Emission Standard for Asbestos holds both the owner and operator equally liable for the violations.

During the investigation, staff observed the following: The former commercial property was demolished and the site was graded. The liable parties had failed to perform a thorough inspection and provide a 10-working day notice to the administrator prior to any demolition activities.
