Dear Mr. Seskin:

VIOLATION NOTICE

On March 23, 2016, the Department of Environmental Quality (DEQ), Air Quality Division, conducted an inspection of the former industrial site located at 7799 Pershing, Detroit. The purpose of this inspection was to determine Statewide Recycling and Recovery's and Parker Place Holdings' compliance with the requirements of Title 40 of the Code of Federal Regulations, Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to our investigation, Parker Place Holdings owns the facility and Statewide Recycling and Recovery performed the demolition activities at the facility. The National Emission Standard for Asbestos holds both the owner and operator equally liable for violations.

During the inspection, staff observed the demolition debris has not been cleaned up from the site. The debris was found to be dry.
