Dear Mr. Klein and Mr. Felmming:

VIOLATION NOTICE

On September 13, 2016, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), performed an asbestos inspection at 20738 Carlisle Street, Dearborn, Wayne County, Michigan. The purpose of this inspection was to determine compliance with the requirements of Title 40 of the Code of Federal Regulations, Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to our investigation, the City of Dearborn owns the property and Affordable Abatement and Inspections LLC, performed the abatement activities at the site. The National Emission Standard for Asbestos holds both the owner and operator equally liable for violations.

The subject property had been abated and regulated asbestos-containing material (RACM) was discovered at the site in the form of duct wrap in 4 different locations in the basement.
