Mr. Mark E. Boden, Vice President  
Ajax Materials Corporation  
1957 Crooks Road, Suite A  
Troy, Michigan 48084

Dear Mr. Boden:

This letter is in reference to your Permit to Install (PTI) application, identified as No. APP- 021-0019, State Registration Number P1171. The application was received on December 28, 2020, for a hot mix asphalt plant proposed to be located at 5088 Energy Drive in Flint, Michigan.

Review of your PTI application is complete. We have announced a public comment period as required by state and federal regulations, on the intent of the Michigan Department of Environment, Great Lakes, and Energy (EGLE) to approve the proposed permit. The public comment period will begin on July 1, 2021 and will end on August 16, 2021. A virtual informational session and public hearing have been scheduled on August 3, 2021. You may submit comments during the comment period and are encouraged to appear at the virtual informational session and public hearing on behalf of your PTI application.

After resolving any issues raised during the public comment period and/or the hearing, a final decision will be made on your PTI application.

By law, construction of the proposed process should not begin until you receive an approved PTI. *This letter is not an approved permit to install* and only references a proposed action on your PTI application.

Enclosed are copies of the proposed permit conditions, "Notice of Air Pollution Comment Period and Public Hearing," "Proposed Project Summary," and the "Technical Fact Sheet" regarding our analysis of your proposed project.

Mr. Mark E. Boden, Vice President
