DEPARTMENT OF  
ENVIRONMENT, GREAT LAKES, AND ENERGY  
LANSING

PHILLIP D. ROOS  
DIRECTOR

August 9, 2023

Thomas Green, Director, Environmental Health and Safety  
Edw. C. Levy Co.  
9300 Dix Avenue  
Dearborn, Michigan 48120

Dear Thomas Green:

This letter is in reference to your Permit to Install (PTI) application, identified as No. APP-2023-0070, State Registration Number B4249. The application was received on March 10, 2023, for a new blast furnace slag grinding plant located at 8941 West Jefferson Avenue, in Detroit, Michigan.

Review of your PTI application is complete. We have announced a public comment period as required by state and federal regulations, on the intent of the Michigan Department of Environment, Great Lakes, and Energy (EGLE) to approve the proposed permit. The public comment period will begin on August 9, 2023, and will end on September 22, 2023. A virtual informational session and public hearing have been scheduled on September 13, 2023; however, they will be held only if requested in writing by September 6, 2023. You may submit comments during the comment period and are encouraged to appear at the virtual informational session and public hearing, if held, on behalf of your PTI application.

After resolving any issues raised during the public comment period and/or the virtual hearing, if held, a final decision will be made on your PTI application.

By law, construction of the proposed process should not begin until you receive an approved PTI. *This letter is not an approved permit to install* and only references a proposed action on your PTI application.

Enclosed are copies of the proposed permit conditions, "Notice of Air Pollution Comment Period and Public Hearing," "Proposed Project Summary," and the "Technical Fact Sheet" regarding our analysis of your proposed project.

If you have any questions, please feel free to contact me. You may call me on September 7, 2023, to determine if a hearing was requested.

Sincerely,

Vrajesh Patel, P.E., Senior Environmental Engineer  
Permit Section  
Air Quality Division
