LANSING

PHILLIP D. ROOS
DIRECTOR

September 12, 2024

Hasan Yamani, Sr. Director of Capital Projects
Neogen Corporation
720 East Shiawassee Street
Lansing, Michigan 48912

Dear Hasan Yamani:

This letter is in reference to your Permit to Install (PTI) application, identified as No. APP-2024-0037, State Registration Number P1446. The application was received on February 23, 2024, for installation of a food safety manufacturing facility located at 720 East Shiawassee Street in Lansing, Michigan.

Review of your PTI application is complete. We have announced a public comment period as required by state and federal regulations, on the intent of the Michigan Department of Environment, Great Lakes, and Energy (EGLE) to approve the proposed permit. The public comment period will begin on September 12, 2024, and will end on October 18, 2024. A virtual informational session and virtual public hearing have been scheduled on October 16, 2024; however, they will be held only if requested by October 9, 2024. You may submit comments during the comment period and are encouraged to appear at the informational session and public hearing, if held, on behalf of your PTI application.

After resolving any issues raised during the public comment period and/or the virtual hearing, if held, a final decision will be made on your PTI application.

By law, construction of the proposed process should not begin until you receive an approved PTI. *This letter is not an approved permit to install* and only references a proposed action on your PTI application.

Enclosed are copies of the proposed permit conditions, "Notice of Air Pollution Comment Period," "Proposed Project Summary," and the "Technical Fact Sheet" regarding our analysis of your proposed project.

If you have any questions, please feel free to contact me. Also, you may call me after October 9, 2024, to determine if a hearing was requested.

Sincerely,

Lauren Magirl, Senior Environmental Engineer
Permit Section
Air Quality Division
