

NOTICE of AIR PERMIT COMMENT PERIOD

The Michigan Department of Environment, Great Lakes, and Energy (EGLE) is holding a public comment period and a virtual public hearing, if requested, to allow the public the opportunity to comment on the proposed conditional approval of an air permit.

The public comment period is open from January 15, until March 3, 2025, with a virtual public hearing, if requested, on February 20 for:

Company: Fritz Products, Inc. located at 255 Marion Avenue, River Rouge, Michigan

What is open for comment: Air permit application No. APP-2024-0195 is a request to install and operate an aluminum sweat furnace controlled by a regenerative thermal oxidizer.

Technical details:

The public comment period and virtual public hearing, if requested, are to allow all interested parties the opportunity to comment on the proposed conditional approval of a Permit to Install (PTI). It has been preliminarily determined that the installation of the sweat furnace will not violate any of EGLE's rules or the National Ambient Air Quality Standards. The facility's impact will not exceed the available increments for particulate matter less than or equal to ten microns in diameter and particulate matter less than or equal to 2.5 microns in diameter.
