ENVIRONMENT, GREAT LAKES, AND ENERGY
LANSING

PHILLIP D. ROOS
DIRECTOR

April 17, 2024

Stephen R. Young, Site Manager
Air Products and Chemicals, Inc.
1025 South Oakwood Boulevard
Detroit, Michigan 48217

Dear Stephen R. Young:

This letter is in reference to your Permit to Install (PTI) application, identified as No. APP-2024-0055, State Registration Number A9831. The application was received on March 18, 2024, for adding new emission caps to the hydrogen plant heater and removing the FGDHOUPANNUAL emission limits at the facility located at 1025 South Oakwood Boulevard in Detroit, Michigan.

Review of your PTI application is complete. We have announced a public comment period as required by state and federal regulations, on the intent of the Michigan Department of Environment, Great Lakes, and Energy (EGLE) to approve the proposed permit. The public comment period will begin on April 17, 2024, and will end on June 3, 2024. An informational session and public hearing have been scheduled on May 22, 2024. You may submit comments during the comment period and are encouraged to appear at the informational session and public hearing on behalf of your PTI application.

After resolving any issues raised during the public comment period and/or the hearing, a final decision will be made on your PTI application.

By law, construction of the proposed process should not begin until you receive an approved PTI. *This letter is not an approved permit to install* and only references a proposed action on your PTI application.

Enclosed are copies of the proposed permit conditions, "Notice of Air Pollution Comment Period and Public Hearing," "Proposed Project Summary," and the "Technical Fact Sheet" regarding our analysis of your proposed project.

If you have any questions, please feel free to contact me.

Sincerely,

Andrew J. Drury, Senior Engineer Specialist
General Manufacturing Unit
Permit Section
Air Quality Division
