

National Emission Standards for Hazardous Air Pollutants/Maximum Achievable Control Technology (NESHAP/MACT), New Source Performance Standards (NSPS) and Other Guidance

Code of Federal Regulations: Retrieve by CFR Citation

<https://www.ecfr.gov/current/title-40>

NESHAP/MACT

1. EPA link to an alphabetical list of all Federal NESHAP rules. The list includes all CFR Part 61 (original NESHAPs) as well as CFR Part 63 (new NESHAP/MACT rules) for major and area sources, links to rules, implementation plans and guidance documents for each NESHAP:

<https://www.epa.gov/stationary-sources-air-pollution/national-emission-standards-hazardous-air-pollutants-neshap-8>

2. EPA link to the Federal NESHAP Part 63 Area Source MACTs:

<https://www.epa.gov/stationary-sources-air-pollution/national-emissions-standards-hazardous-air-pollutants-area-source>

NSPS

1. Link to an electronic code of federal regulations of all parts of the US Environmental Protection Act Title 40, including Part 60 NSPS:

<https://www.ecfr.gov/current/title-40>

2. EPA link to select list of CFR Part 60 New Source Performance Standards:

<https://www.epa.gov/stationary-sources-air-pollution/new-source-performance-standards>

EGLE AQD MACT/NSPS Templates

1. Link to the current MACT templates on the EGLE webpage.

<https://www.egle.state.mi.us/aps/downloads/rop/templates/rop-templates-index.pdf>

2. Link to the current NSPS templates on the EGLE webpage.

<https://www.egle.state.mi.us/aps/downloads/rop/templates/rop-templates-index.pdf>

National Emission Standards for Hazardous Air Pollutants/Maximum Achievable Control Technology (NESHAP/MACT), New Source Performance Standards (NSPS) and Other Guidance

NAAQS and Nonattainment Status

Information on the National Ambient Air Quality Standards (NAAQS) is provided by EPA at

<https://www.epa.gov/naaqs>.

EPA provides information on non-attainment areas at

<https://www.epa.gov/green-book>

From that page, clicking on a link for any of the criteria pollutants leads to an option to see a list sorted by State/Area/County for that pollutant.

If you click on “All Criteria Pollutants”, you will have the option to select all “Currently Designated Nonattainment Areas for All Criteria Pollutants” to get a report of Michigan Counties designated nonattainment for any of the criteria pollutants.

Texas Air Operating Permits Decision Support System

The Decision Support System provides several Operating Permit documents linked together to aid in the Title V Operating Permit application and review process. Rule text, requirements reference tables, and flowcharts are used to navigate specific rules.

https://www.tceq.texas.gov/permitting/air/nav/air_supportsys.html

EPA Policy and Guidance Databases, and the Title V Petition Database

This page allows you to search the Title V and the New Source Review (NSR) Policy and Guidance Databases directly and to see Title V petitions, responses and other documents received nationally.
