Request to roll into the ROP Renewal Application  
Tiara Yachts, Holland, Michigan  
SRN#B6619, ROP # MI-ROP-B6619-2015

Dear Rex and Cody:

Please find enclosed M001 and C001 forms for Tiara Yachts that will allow the roll-in of the EUMODLINGEQUIP changes allowing the use of an emission factor of 0.01 for closed molding process (CMP).

The original ROP renewal application was submitted electronically on May 15, 2019 and successfully received by EGLE. The attached forms and the final action of the permit should allow for the roll-in of this PTI into the Draft ROP currently in process. Please contact me at 616-218-8353 (cell) or via email at [jeff.pfost@enviro-partners.com](mailto:jeff.pfost@enviro-partners.com) with questions. We appreciate the very quick turn on the PTI request.

Sincerely,

Environmental Partners, Inc.

Hi Caryn:

I just received the PTI number for this Tiara Yachts M001 form request previously submitted. Please include this updated M001 form with our original request and was ask that you discard the previous M001 form which identifies the PTI temporary number. The certification form C001 is still valid and from our perspective may still be used, since the substance of the minor modification has not changed and only the PTI reference number has been added. If we need to do anything different, please let me know.

Thanks,

Jeff

Hi Jeff,

This email is in reference to your June 8, 2023, application for minor modification pursuant to the provisions of Rule 336.1216(2) to revise Renewable Operating Permit (ROP) No. MI-ROP-B6619-2015 for Tiara Yachts.

I cannot process this application at this time because the final conditions of the permit to install (PTI) to be incorporated have not been issued yet. Once the PTI has been issued and receives a PTI number, a new minor modification application can be submitted to incorporate the new PTI into the ROP.

If you have questions, please contact me at 231-878-6688 or [owensc1@michigan.gov](mailto:owensc1@michigan.gov).
