ENFORCEMENT NOTICE

In the matter of:

Michigan Turkey Producers CO-OP, Inc.
2140 Chicago Drive
Wyoming, Michigan 49519

SRN: N8704; Kent County

ATTENTION: Mr. Michael Hart

Please disregard the Enforcement Notice that was mailed to Michigan Turkey Producers, CO-OP, Inc. (Michigan Turkey Producers) by the Michigan Department of Environmental Quality (DEQ) on August 4, 2014. There was an error in the violation citations. This letter serves as the revised Enforcement Notice.

This letter is to advise you of the commencement of escalated enforcement action against Michigan Turkey Producers. This letter follows the Violation Notices issued by the DEQ, Air Quality Division (AQD), on April 14, 2014, and June 12, 2014, that outline the alleged violations. This enforcement notice is for failing to obtain a Renewable Operating Permit (ROP) after exceeding the major source threshold for Nitrogen Oxides and Carbon Monoxide emissions.

The alleged violation against the company is federally enforceable and is considered a High Priority Violation (HPV) by the United States Environmental Protection Agency (EPA). The HPV designation means that the EPA places a priority on enforcing the regulations governing this violation and on formally resolving alleged violation.

AQD is hereby providing the company with an opportunity to meet to discuss options for satisfactorily resolving the mentioned violation, to demonstrate compliance, and to present factual information in writing that should be considered regarding the violation. This proposed resolution would include, among other things, a compliance schedule and an appropriate monetary penalty.

Be advised that failure to respond to this Enforcement Notice and adequately resolve or address the cited violation may result in further enforcement proceedings including, but not limited to, referral of the matter to the Michigan Department of Attorney General for commencement of civil litigation. Be further advised, that this Enforcement Notice does not preclude or limit the AQD's ability to initiate any other enforcement action under federal or state law as appropriate.

Sincerely,

Jenine Camilleri
Enforcement Unit, Air Quality Division
