CAUTION: This is an External email. Please send suspicious emails to abuse@michigan.gov

Please be advised that as of 12:00 p.m. on December 30, 2021, Munson Medical Center has taken its Andersen Products EO Gas 4 Sterilizer and Abator out of service by disconnecting it from all gas and power sources and removing it from the Central Processing Department.

Should you require any additional information please do not hesitate to contact me.
Sincerely,
Rachel Roe

Mr. Richardson,

We received Munson Medical Center's December 1, 2021 email, which I have attached for your convenience. For AQD's response, please refer to the attached second violation notice for noncompliance with Rule 201. The violation notice explains the reason Munson Medical Center's EtO does not meet the requirements to use the Rule 291 exemption. A hard copy of the violation notice will be mailed to Munson Medical Center. If you have any questions or concerns, please do not hesitate to contact me.

Thank you,

Jodi Lindgren
