402 East 8th Street

Establishment Number: 7000008;

ATTENTION: Mr. Roger Lemmen

This letter is to advise you of the commencement of an escalated enforcement action against Lemon Fresh Laundry & Drycleaning (Company). This letter follows the May 24, 2019 and September 23, 2019 Violation Notices issued by the Michigan Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD), which detailed violations of Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (NREPA), MCL 324.5501 *et seq.*, and the accompanying Air Pollution Control Rules, and the federal National Perchloroethylene Air Emission Standards for Dry Cleaning Facilities, Title 40 of the Code of Federal Regulations, Part 63, Subpart M. Additionally, the Company was cited in violation of the Public Health Code, 1978 PA 368, as amended, Dry Cleaning Establishment Rules Utilizing Class I, II, III, and IV Solvents, for failing to store used filters in a covered hazardous waste container, failing to pay the Category III air quality fees, failing to pay the 2019 Dry Clean License fee, operating without a license, and failing to have an approved organic vapor respirator.

The AQD is providing the Company with an opportunity to formally resolve these violations through the entry of a legally enforceable agreement that will include a compliance program and payment of an appropriate monetary penalty pursuant to Section 5528 of Part 55 of NREPA, MCL 324.5528.

Be advised that failure to respond to this Enforcement Notice in a timely manner and adequately resolve or address the cited violations may result in further enforcement proceedings, including but not limited to, referral of the matter to the Michigan Department of Attorney General (MDAG) for commencement of civil litigation. This Enforcement Notice does not preclude or limit EGLE's ability to initiate any other enforcement action under federal or state law as appropriate.
