Please accept this email as my formal response to the Violation Notice.

EUCREMATORY

PTI NO: 53394-A

- ❖ Unit Failed to maintain 1600° in secondary chamber-

A request for service has been initiated to Mechanical Services to verify temperatures

- ❖ Charges being inserted before unit reaches 1600°-

staff have been informed to NOT place charges into unit, until chamber has reached 1600°

- ❖ Submittal of Malfunction Abatement Plan (MAP)-

Constructing a MAP for submittal to AQD

All staff received recurrent training on proper insertion of Circular temperature charts.

If you have any questions or concerns, please feel free to contact me.

I appreciate your patience while I am working to rectify the above violations.

Respectfully,

Chief Jeff Randazzo
