SUBJECT: Previously permitted incinerator		
RESOLVED COMPLAINTS:		

PTI #24-811 was issued to this location for a solid waste incinerator. According to Permit Cards this permit was voided on 9/20/2007.

On 1/25/17 I visited this location to verify the incinerator was no longer in operation. I met with the manager, Ms. Julie Kubitski, who stated the incinerator has not been at this location as long as she has worked there. Previously, the building was a grocery store and the incinerator was likely used there.

This facility does not have any other operations or activities that would subject to the Air Pollution Control Rules. The facility can be removed from the inspection database.
