RESOLVED COMPLAINTS:		

On August 15, 2019, AQD staff Joe Forth conducted a self-initiated inspection of Metropolitan Pet Memorial Gardens (M4284) located at 22931 14 Mile Road, Clinton Township, MI 48035. The purpose of the inspection was to determine the facility's compliance with the Federal Clean Air Act; Article II, Part 55, Air Pollution Control of Natural Resources and Environmental Protection Act, 1994 Public Act 451, as amended, MDEQ-AQD Air Pollution Rules, and Permits to Install No. 425-94.

I arrived at the location at 11:30 am. The building is now occupied by Comfort-Temp Heating & Cooling. Comfort-Temp provides heating and cooling systems to residential, commercial, and industrial customers. I explained the purpose for my inspection and provided my credentials. I spoke with a Comfort-Temp employee, Joe Meldrum, and explained that the previous occupant of the address had a permit for a biological waste incinerator. Mr. Meldrum showed me the building where the incinerator had been. The equipment was in fact no longer at the address. There are a few buildings at the address, the main building is mostly office space. One building is used as a workshop, and the other is general storage. The only heating equipment installed in any of the buildings is for general heating purposes.

Due to the permitted equipment no longer being located at the address, I have requested that PTI No. 425-94 be voided.

The facility appears to be operating in compliance with the Federal Clean Air Act; Article II, Part 55, Air Pollution Control of Natural Resources and Environmental Protection Act, 1994 Public Act 451.
