

RICK SNYDER
GOVERNOR

STATE OF MICHIGAN
DEPARTMENT OF ENVIRONMENTAL QUALITY
DETROIT FIELD OFFICE

DAN WYANT
DIRECTOR

October 4, 2013

Mr. Donald Truskowski
Freeport Aggregate, Inc.
20225 Pennsylvania Road
Brownstown Twp., MI 48193

SRN: M4705, Wayne County

Dear Mr. Truskowski:

VIOLATION NOTICE

On October 2, 2013, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an inspection of Freeport Aggregate located at 20225 Pennsylvania Road, Brownstown Twp., Michigan. The purpose of this inspection was to determine Freeport Aggregate's compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); and the administrative rules.

During the inspection, staff observed the following:

Process Description	Rule/Permit Condition Violated	Comments
Concrete Crushing	Rule 201	Company installed and operated a non-metallic mineral processing facility without obtaining a Permit-to-Install

During this inspection, it was noted that a non-metallic mineral processing plant had been installed and has been operated at the location. The AQD staff advised Freeport Aggregate on October 2, 2013, that this is a violation of Act 451, Rule 201.

A program for compliance may include a completed PTI application for the concrete crushing process equipment. An application form is available by request, or at the following website:

http://www.deq.state.mi.us/aps/nsr_information.shtml#AUP

Be advised that Rule 201 requires that a permit be obtained prior to installation, construction, operation, reconstruction, relocation, or alteration of any process or process equipment which may be a source of an air contaminant.

Please initiate actions necessary to correct the cited violation and submit a written response to this Violation Notice by October 25, 2013 (which coincides with 21 calendar days from the date of this letter). The written response should include: the dates the

violation occurred; an explanation of the causes and duration of the violation; whether the violation is ongoing; a summary of the actions that have been taken and are proposed to be taken to correct the violation and the dates by which these actions will take place; and what steps are being taken to prevent a recurrence.

This process may also be subject to the federal Standards of Performance for New Sources (NSPS) for Non-Metallic Mineral Processing Facilities if it is determined that the process equipment's maximum rated processing capacity exceeds 150 tons per hour. These standards can be found in Title 40 of the Code of Federal Regulations (CFR), Part 60, Subpart OOO.

If Freeport Aggregate believes that the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.

Thank you for your attention to resolving the violation cited above and for the cooperation that was extended to me during my inspection of Freeport Aggregate. If you have any questions regarding the violation or the actions necessary to bring this facility into compliance, please contact me at the number listed below.

Sincerely,

Erik A. Gurshaw
Environmental Quality Analyst
