Dear Mr. Russell:

SUBJECT: SRN: M4803, Facility Address: GSA - Federal Building  
985 Michigan Avenue, Detroit, MI 48226

### **VIOLATION NOTICE**

In January 2020, the Michigan Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD), notified GSA - Federal Building (the facility) of the requirement to submit a 2019 air pollution report, with the required submittal date of March 15, 2020. In response to the non-submittal of this report, field inspector, Nazaret Sandoval contacted the facility representatives for AQD matters, Mr. James Chastine and Mr. Eric Prince (Urban Services Group) requesting immediate submittal of the Michigan Air Emissions Reporting System (MAERS) forms required pursuant to Rule 202 of the administrative rules promulgated under Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

Mr. Chastine responded via email on May 21, 2020 indicating he would provide the requested report and he asked for assistance. Ms. Sandoval responded to his request indicating she could be contacted at any time to discuss and resolve the issue. However, Ms. Sandoval has not received an answer to her latest email communication sent to Urban Services Group on June 2, 2020. A copy of the email thread is enclosed for your reference.

At this time, we still have not received a 2019 air pollution report and you are hereby notified that this constitutes a violation of the above referenced act and rule. Please submit the MAERS reporting forms within (14) days of the date of this letter.

If GSA - Federal Building believes the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.

Mr. Patrick B. Russell
