Dear Sir,

We have received the letter of violation notice on July 31, 2018 from the owner of Bix Furniture. We are in the process of making repairs as needed and at this time:

VIOLATION #1:

We are looking at an alternative use of chemical that you have suggested and ordered the product for testing.

VIOLATION #2:

Filters have been changed and repairs made.

When we have concluded the test and new application, we will contact you for a new inspection, if needed.

Thank you for your cooperation,

Sam Ciamillo
