Ms. Diane M. Gagnier, President  
Owosso Composite LLC  
403 S. State Street  
Owosso, MI 48867

SRN: N0598, Shiawassee County

Dear Ms. Gagnier:

**VIOLATION NOTICE**

On June 4, 2014, the Department of Environmental Quality (DEQ), Air Quality Division (AQD) conducted an inspection of Owosso Composite LLC located at 403 S. State Street, Owosso. The purpose of this inspection was to determine your facility's compliance with the requirements of the federal Clean Air Act; Part 55; Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); the administrative rules and the conditions of Permit to Install (PTI) number 55-07.

Following the inspection, during review of facility records staff observed the following:

Process Description	Permit Special Conditions Violated	Comments
FGFIBERGLASS	1.2, 1.4	Styrene content exceeds allowable permit levels.
FGFIBERGLASS	1.5	Methyl methacrylate (MMA) content exceeds allowable permit levels.

Special condition 1.2 of PTI 55-07 limits the styrene content of any resin used in EUOPNEMOLDING to 30% by weight and special condition 1.4 limits the styrene content of white gelcoat to 20% and pigmented gelcoats (non-white) to 33% from EUGELCOAT. Records provided indicate that some of the gelcoats and resins being used are exceeding these allowable styrene levels.

Also, special condition 1.5 of PTI 55-07 limits MMA content of any gelcoat used in EUGELCOAT to 9.0 % by weight. Records provided indicate that some of the gelcoats being used are exceeding this allowable MMA level.

A program for compliance may include a completed PTI application to revise the material usage limits for the resins and gelcoats used in FGFIBERGLASS. An application form is available by request, or at the following website: <http://www.deq.state.mi.us/aps/>.

Please initiate actions necessary to correct the cited violations and submit a written response to this Violation Notice by July 17, 2014. The written response should include the dates the violations occurred; an explanation of the causes and duration of the violations; whether the violations are ongoing; a summary of the actions that have been taken and are proposed to be taken to correct the violations and the dates by which these actions will take place; and what steps are being taken to prevent a reoccurrence.

If Owosso Composite LLC believes the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.

Thank you for your attention to resolving the violations cited above and for the cooperation that was extended to me during my inspection of June 4, 2014. If you have any questions regarding the violations or the actions necessary to bring this facility into compliance, please contact me at the telephone number listed below.

Sincerely,

Handwritten signature of Brad Myott in cursive, with the word "for" written below it.
