Re: Steelcase Inc., Kentwood Complex – SRN N0677
Response to Violation Notice

Dear Ms. Plafcan:

The MDEQ issued a Violation Notice(VN) on January 15, 2014 to Steelcase Inc. To resolve this VN, it is our intent to obtain a General Permit Application for the Wood Plant operations. Regarding the ROP status for the plant, it is also our intent to separate the Wood Plant from the rest of the Kentwood Complex so that it will no longer be covered by the ROP. As such, we will be submitting the necessary documentation for General Permit coverage within the next few weeks.

Thank you for your assistance. Please call me at 616-475-2183 if you have any questions.

Sincerely,
