Dear Mr. Myler:

VIOLATION NOTICE

On June 25, 2014, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), issued Renewable Operating Permit (ROP) No. MI-ROP-N0924-2014 to Muskegon Development Company Headquarters Field Sour Zone CPF located at SE SE Section 29, Township 21 N, Range 3 W, Houghton Lake, Michigan. Rule 213(3)(c)(i) of Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451), requires the responsible official to submit a report at least once every six months of any required monitoring and all instances of deviations from permit requirements.

At this time, the AQD has not received Muskegon Development Company Sour Zone CPF's semi-annual monitoring and deviation report for January 1 - June 30, 2015, which was required to be postmarked or received by the AQD's district office by September 15, 2015. This constitutes a violation of Condition No. 23 of Section A of ROP No. MI-ROP-N0924-2014 and Rule 213(3)(c)(i) of Act 451.

Please submit the semi-annual monitoring and deviation report within (21) days from the date of this letter. Each submittal must contain a certification by the Responsible Official that the statements and information in the submittal are true, accurate and complete.

If Muskegon Development Company believes the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.

Thank you for your attention to resolving the violations cited above. If you have any questions regarding the violations or the actions necessary to bring this facility into compliance, please call me at the number listed below.
