Mr. Adam Shaffer
Environmental Quality Analyst
EGLE AQD Bay City District
401 Ketchum Street Suite B
Bay City, Michigan 48708

Mr. Shaffer;

In response to Violation Notice SRN N0940 dated October 7, 2021 please accept this as our written response.

As stated we failed to submit our semi-annual compliance reports. We are working with you and the Air Quality department on getting the proper paperwork filled out and submitted by the end of the year if not sooner. Then semiannually thereafter

The second violation is that we have not provided an air permit for installation or an exemption rule for our Aluminum melting furnace. Again we are working with you and your department on an exemption. It is our understanding that the Flux we use has hazardous air pollutants (HAPs). If we can eliminate the HAPs it is our understanding that than we will qualify for an exemption. We are in the process of finding the Flux that meets that standard and will provide evidence of compliance by the end of the year if not sooner.

Please let me know if you have a concerns and /or comments
My Cell number is 989-798-0990

Respectfully submitted

A handwritten signature in black ink, appearing to read "Dave Maine", is written over a large, stylized circular flourish.
