

DEPARTMENT OF ENVIRONMENTAL QUALITY
AIR QUALITY DIVISION
ACTIVITY REPORT: Self Initiated Inspection

N181230271

FACILITY: Michcan Copper Co. Ltd., formerly Keweenaw Copper		SRN / ID: N1812
LOCATION: One Mile NE of Calumet in Calumet Township, CALUMET		DISTRICT: Upper Peninsula
CITY: CALUMET		COUNTY: HOUGHTON
CONTACT: THOMAS REPAAL , SR ENVIRONMENTAL ENGINEER		ACTIVITY DATE: 07/15/2015
STAFF: Ed Lancaster	COMPLIANCE STATUS: Compliance	SOURCE CLASS:
SUBJECT: Conducted compliance inspection of minor source facility.		
RESOLVED COMPLAINTS:		

I arrived at the site of Michcan Copper Company to conduct a self initiated inspection (the company files contain no activity reports occurring at this site).

Upon my arrival there was no activity at the copper concentration plant. A sign on the door stated all inquiries should be made at the Keweenaw Copper Company, 56730 Calumet Avenue, Suite J, Calumet. When I arrived at the aforementioned address the office was locked and vacant, with no signs or forwarding addresses.

On July 20, 2015, I contacted Mr. Tom Repaal, Environmental Engineer for Highland Copper. Mr. Repaal informed me he believed the building in Calumet is only used for storage now and all of the equipment has been removed. I told Mr. Repaal that based on our conversation and my observations at the plant I was going to request the permit be voided and would have the void letter sent to him at:

Highland Copper

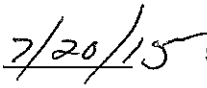

PO Box 338

White Pine, Michigan 49971.
